DETAILED ACTION

1. This action is in response to communications filed on 6/13/2007.
2. Claims 2 and 4 have been amended, no new claims have been added, no claims have been canceled. Thus, claims 1-4 are pending.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claim 4 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 4 recites the limitations "a power saving level" in lines 8-9. It is unclear whether it is same or different from "a power saving level" recited in line 7. It is necessary to establish a relationship between the two recitations. For the rest of the actions, it is assumed that two different levels are intended.

Allowable Subject Matter

3. Claims 1, 2 and 3 are allowed.
4. Claim 4 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

Art Unit: 2116
